Affiliation Open Day Programme

Reliance Medical Ltd,
West Avenue, Kidsgrove, ST7 1TW

Date: Tuesday, 11th June 2019

Time: 10:00am – 12:00pm

EVENT SUMMARY

First Aid trainers are the key to empowering everyday people to save lives? And we believe that our First Aid Programme, designed by pre-hospital care doctors will help unlock the potential of everyone to make a positive impact on patient recovery.

The open day will highlight the benefits of affiliating with The ATACC Group as well as outlining our first aid programme and new methodology which has been adopted by the emergency services as well as first aid training providers.

We will introduce B.U.R.P.S our easy assessment method and talk through how this simple assessment method can outline the most effective course of action that a first aider has to take to best help the casualty.
